

Xerox® EX-c AltaLink® Print Server Powered by Fiery®

Colyer.

PRINT MORE DOCUMENTS, FASTER

Increase employee productivity by reducing time spent waiting for files to process and print. Fiery SmartRIP processes large and graphic-rich files such as Microsoft® PowerPoint® or Adobe® PDF to deliver finished prints fast. When many files are queued at the multifunction printer, Fiery technology processes one file while printing another to minimise waiting times. Built-in support of Adobe PDF and PostScript printing standards enables the highest levels of file compatibility and assures accurate printing of all files.

ACCURATE, CONSISTENT COLOUR

Ideal for any business that needs to print high-quality colour documents simply and quickly, the EX-c AltaLink® Print Server includes easy-to-use colour management tools that deliver unmatched colour quality from all applications and file formats.

- Print logo and corporate colours correctly
- Ensure colour consistency throughout a document
- Produce high-quality photos with accurate colours, including flesh tones
- Add optional, integrated tools for colour calibration, profiling, custom PANTONE colour creation and other advanced colour requirements

CREATE PROFESSIONAL, FINISHED MATERIALS QUICKLY AND EASILY

- Create personalised documents quickly and simply using the free Fiery™ FreeForm Create™ application
- Easily produce jobs with mixed paper sizes and types, chapters or booklet finishing

INTEGRATE WITH STANDARD WORKFLOWS

- Integrates with many Xerox App Gallery apps to increase user productivity by simplifying and shortening everyday tasks
- Compatible with applications from vendors such as Kofax, YSoft, Cirrato and PaperCut

REDUCE COSTS

IT administrators can create Fiery Virtual Printers (optional) or customised printer drivers with appropriate print options for different groups of users. This enables users to print correctly, eliminating waste, with a simple File>Print operation.

Make your Xerox® AltaLink® C8100 and C8200 Series Colour Multifunction Printer even more productive by adding the Xerox® EX-c AltaLink® Print Server. Easily produce professional, finished documents with accurate colour without expert knowledge.

Xerox® EX-c AltaLink® Print Server

Specifications

FIERY DRIVEN™ ENGINES

- Xerox® AltaLink® C8130/C8135/C8145/C8155/C8170 and C8230/C8235/C8245/C8255/C8270 Colour Multifunction Printers
- Supports all engine finishing devices

HARDWARE AND PLATFORM

- AMD® GX-424CC processor, 2.4 GHz, Quad-Core, 2M cache
- 2 GB RAM
- 500 GB HDD
- Fiery® FS350 software
- Linux® operating system
- USB Media Server
- Fiery Installer Builder

FILE FORMAT SUPPORT

- Adobe® PostScript® Levels 1, 2, 3
- Adobe PDF
- TIFF
- EPS
- Fiery™ FreeForm Create™
- Microsoft® Office document formats: docx, xlsx, pptx, pub (via the Fiery Driver or optional Fiery Hot Folders)
- Print from the Fiery Driver directly from Adobe applications such as InDesign®, Photoshop® and Illustrator®

FIERY SOFTWARE

- Fiery drivers for Mac® and Windows®
 - Section 508 usability
 - WHQL certification, package aware (Windows)
 - Customise drivers for cost control
- Fiery Command WorkStation®
- Fiery WebTools™
- Backup and restore

FIERY COLOR AND IMAGING TECHNOLOGY

- ICC-based Fiery color management
- Calibration
 - Fiery Calibrator
 - ColorCal (standard, off the glass)
 - Fiery ES-3000 spectrophotometer (optional)
- PANTONE Colour Enabled

- Fiery Spot-On™ (optional)
 - Create custom spot colours
- Fiery ImageViewer Curve Presets
- Expert Colour Settings
- RGB Source Profile
- RGB Rendering Style
- CMYK Simulation Profile
- Output Profile
- Image Settings
- Brightness
- Image Smoothing

DOCUMENT MANAGEMENT

- Fiery VUE
- Standard support for long sheet banners
- Fiery SmartRIP
- Spool-RIP-Print Simultaneously
- RIP while Print
- Fiery Hot Folders/Virtual Printers (optional)
- Booklet printing
- Automatic two-sided printing
- Cover selection
- N-up
- Watermarks
- Personalised communication with Fiery FreeForm Create
- Scale-to-Fit Printing
- Paper Catalogue
- Mixed media printing

NETWORKING/CONNECTIVITY

- TCP/IP
- Bonjour support
- SNMP
- Port 9100
- IPP
- SMB
- WSD
- Point and print
- Print via email
- IPv6 support
- LDAP Authentication
- Single and Dual TCP/IP connectivity for integration with Xerox Extensible Interface Platform® (EIP)

SECURITY

- Secure erase
- Encryption of critical information
- Access controls
- Port blocking
- IP filtering
- IPsec network encryption
- Secure connections using HTTPs
- Secure Printing
- Closed architecture prevents installation of unauthorised programs that could potentially expose the system to vulnerabilities
- Digitally signed software updates
- PostScript security

EMC

- FCC (Canada and US)
- C-TICK (Australia and New Zealand)
- CE Mark (EU)

SAFETY

- CB Scheme
- TÜV/CU Mark (Canada and US)
- TÜV/T-Mark (EU)
- CE Mark (EU)

FIERY OPTIONS

- Fiery Options Bundle, includes:
 - Fiery Spot-On
 - Auto Trapping
 - Hot Folders/Virtual Printers
- Fiery Hub Kit (Enables Dual IP configurations)
- Fiery Color Profiler Suite with Fiery ES-3000 spectrophotometer
- Fiery Hot Folders & Virtual Printers
- Fiery Spot-On

WORKFLOW INTEGRATION

- Xerox® Standard Accounting
- Fiery API
- Compatible print management applications include Xerox Workplace Suite, PaperCut MF/NG, Kofax Equitrac Office/Express, YSoft SafeQ, Cirrato One and more
